DETAILED ACTION

Election/Restrictions

- 1. Applicant's election without traverse of Group I in Paper No. 6 is acknowledged.
- 2. Applicant's election states that claims 1-5 read on elected Group I (Figs. 1-3 as set forth by the Examiner in Paper No. 5). However, claim 5 requires the "frangible connection" having a "line of perforations". The line of perforations is not found in Figs. 1-3. Therefore, the Examiner has withdrawn claim 5 from consideration.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 4. Claims 1-4 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Thomas et al.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
